

# Season's Greetings

The Festive Season is fast approaching but, if I'm honest, I for one am not feeling quite as festive as usual.

Not surprising really. With all the problems we have all faced in the last 12 months, I rather suspect that most of us will simply be glad to put 2020 behind us.

2021, on the other hand is looking rather more promising. With the vaccine rollout already underway, we can all begin to look forward to venturing back out to meet our friends for a drink or a meal and to planning all those parties and get-togethers we were denied this year.

And where better to meet and dine and party than back at the Club. With the refurbishment complete, the Club is now looking better than ever before, and we look forward to welcoming everyone back as soon as we can.

Of course, we realise that not everyone is going to be comfortable with the idea of visiting pubs and clubs quite yet, and so we have made a few changes to make it easier for everyone to renew their Membership without having to pop into the Club in person. Over the next couple of weeks we will be sending each household a copy of the 2021 renewal form together with a return envelope to make it easier to renew by post. If you need any additional forms, they can be downloaded [here](#) or requested by contacting the Club via email or phone. Full details of the fees for 2021 (which work out at around 80p per week, even less for Pensioners) are shown on the renewal form or can be viewed online [here](#).

While the Club is closed at the moment, we can still be reached by phone or [email](#) to help in any way we can.

With All Best Wishes,

Carol

Secretary
